Michigan Business Forum
September 27, 2016
14:00 to 17:00
Manufacturing Technology Centre
Ansty Park
Coventry

Lt. Governor Brian Calley of the State of Michigan and the Michigan Economic Development Corporation invite you to participate in a Michigan business forum. The program will be targeted towards advanced manufacturing and technology companies in the Aerospace and Automotive sectors that are considering market growth opportunities in the US. Speakers will address key market entry considerations and highlight the advantages of locating and doing business in Michigan. Michigan companies considering opportunities in the UK will also be in attendance.

A networking reception will immediately follow the conclusion of the forum.

Attendance is complementary, however, advanced registration is required due to limited space.

Please register by September 20th
