

Aero EngineForum BIRMINGHAM

APRIL 18-20, 2017

Birmingham

**International Business-to-Business Meetings and Conference
for Aero-Engines and the Aerospace Supply Chain**

International Convention Centre, **Birmingham**

www.midlandsaerospace.org.uk

Organised by:

 **BCI AEROSPACE**

Endorsed by:

Rolls-Royce

In partnership with:

MOOG

In association with:

UTC Aerospace Systems

What is Aero Engine Forum Birmingham?

AEF Birmingham is a supply chain event that brings together engine makers and first-tier systems makers with the entire supply chain. Engineering, procurement, supply chain, manufacturing, commodity teams, suppliers and service providers will meet through pre-arranged one-on-one meetings.

On Day one **AEF Birmingham** will feature a major international conference coordinated by **Midlands Aerospace Alliance**. Prominent engine makers and first-tier companies will explain what technologies and capabilities they need from their suppliers today and tomorrow.

“Moog are delighted to have the opportunity to support this event which will enable us to engage with high quality suppliers to the Aero Engine marketplace.”

Stuart McLachlan,
Group Vice President &
General Manager Aircraft
Control Components Sector
Moog Aircraft Group

MOOG

“At Rolls-Royce our suppliers make a vital contribution to our performance. We encourage them to work openly and collaboratively with us to deliver operational excellence, innovation and competitiveness. Rolls-Royce will continue to support boosting UK aerospace capability through the Aerospace Growth Partnership and the Aerospace Technology Institute (ATI), as well as Sharing in Growth and the National Aerospace Technology Exploitation Programme (NATEP). We are delighted to be part of the Birmingham Aero Engine Forum and we hope to see many of our suppliers and partners, both existing and new, there.”

Colin Smith
Group President
Rolls-Royce plc

COUNTRIES

Midlands Aerospace Statistics

- **25%** of UK aerospace industry
- **7%** of Europe's and **3%** of the world's
- Home to Meggitt, Moog Aircraft Group, UTC Aerospace Systems, Rolls-Royce

Who should attend?

You want to meet suppliers and manufacturing partners!

You want to sell your capabilities, products or services!

You are involved in :

- ✓ Supply chain
- ✓ Procurement
- ✓ Purchasing
- ✓ Engineering
- ✓ Fabrication
- ✓ R&D, etc...

You are involved in :

- ✓ Sales
- ✓ Marketing
- ✓ Business development
- ✓ Technical promotion, etc...

What is Aero Engine Forum Birmingham's technical spectrum?

•➤ SYSTEMS:

- Fans
- Compressors
- Transmission structures
- Combustion chambers
- Fuel and injection systems
- Rotative systems
- Installation and control: nacelles, thrust reversers

•➤ TYPE OF ENGINE:

- Jet engine
- Gas turbine
- Steam turbine
- Diesel engine
- Gasoline engine

•➤ GENERAL AEROSPACE:

- Aerostructure
- Avionics

Event format and program

April 18, 2017

The Midlands Aerospace Alliance International Conference

Day One of AEF Birmingham is a major international conference bringing together the engine makers and first-tier systems makers with the supply chain to exchange critical information. Expect an impressive line-up of speakers from prominent industry players setting out what technologies and capabilities they need from their suppliers today and tomorrow.

April 19 & 20, 2017

One-to-one meetings

The programme will offer all participants the opportunity to sign up, identify and request meetings with relevant contacts prior to the show. Schedules of meetings, based on those choices, will be pre-arranged. The one-to-one meetings will be held at the venue.

Workshops

These presentations focus on either technologies or products. This is a chance for a limited number of suppliers to reach an audience of professionals willing to increase and optimise their market knowledge. These activities will be held in parallel to the meetings.

The Midlands: At the Heart of UK Aerospace

“It is my pleasure to welcome the international aerospace industry to Birmingham, UK. The Midlands aerospace sector has grown up alongside our automotive industry over the last 100 years to become one of the world’s premier aerospace clusters. We may not make aircraft but we do make superb aircraft engines and a wide range of innovative hydro-mechanical, electrical and electronic systems. We are proud of our engineering and manufacturing capabilities that generate more than 45,000 jobs at more than 300 large and small companies. I am honoured to join Rolls-Royce, UTC Aerospace Systems, Moog Aircraft Group, BCI Aerospace and all of our aerospace suppliers in hosting this outstanding event in the Midlands.

We look forward to seeing you in Birmingham in April 2017.”

Dr Andrew Mair, Chief Executive
Midlands Aerospace Alliance

BCI AEROSPACE

By the organisers of Aeromart Toulouse, the Aerospace & Defense Supplier Summit Seattle, Engine Forum Sonora, Aerospace & Defense Meetings Torino and Aerospace & Defense Meetings Sevilla.
